

PROJECT DESCRIPTION
RESEARCH PARTICIPATION PROGRAM
FOR THE
U.S. ARMY CENTER FOR HEALTH PROMOTION AND PREVENTIVE MEDICINE
COMPUTER SCIENCE RESEARCH
PROJECT #CHPPM 13-99

The Research Participation Program for the U.S. Army Center for Health Promotion and Preventive Medicine (USACHPPM) provides opportunities to participate in USACHPPM's on going applied research and development projects. USACHPPM is located at Aberdeen Proving Ground, Maryland (near Baltimore), is dedicated to maintaining a safe and healthful environment for soldiers, civilians, and communities worldwide. USACHPPM provides advice and assistance to Army components in the areas of environmental health engineering, entomological sciences, ionizing and nonionizing radiation, occupational and environmental health, industrial hygiene and worksite hazards, environmental sanitation and hygiene, and laboratory services. USACHPPM develops innovative engineering techniques and state-of-the-art technology to support its mission.

A research appointment is available at the USACHPPM, Directorate of Laboratory Sciences, Aberdeen Proving Ground, Maryland involving Computer Science Research.

Project areas include, but are not limited to, the following:

- Support ORACLE applications
- Develop applications using Access and SQL programming tools
- Assist with software installation and application management.

Applicants should have received a bachelor's degree in Computer Science or related discipline within three years of the desired starting date or expect to complete all requirements for such a degree prior to the desired starting date. Experience with MS Office suite and Windows 95/98 or Windows NT required. Science related courses, MS Access application development, and relational database experience a plus. Other applicants will be considered on a case-by-case basis. The program is open only to U.S. citizens, without regard to race, sex, religion, color, age, physical or mental disability, national origin, or status as a Vietnam Era veteran or disabled veteran.

Participant will be selected based on academic records; recommendations; applied research interests; compatibility of background and experience with applied research programs and projects at USACHPPM and/or the host facility; and availability of funds, staff, programs, and equipment.

Appointment is for one year and may be renewed for a second year upon recommendation of USACHPPM/host facility and subject to the availability of funds. Participant will receive a

monthly stipend. Inbound travel and moving expenses may be reimbursed according to established policies.

Participant must show proof of health and medical insurance. Appointment is full-time at the host facility.

Applications are accepted on an ongoing basis. This Research Participation Program for USACHPPM is administered by the Oak Ridge Institute for Science and Education. Please reference project #CHPPM 13-99 when calling or writing for more information. For additional information and application materials contact:
